Adverting to G.O. Nos X. 0 12825-7 & X. + 7455-7 (Sl 11) & Sl (11)
L. R. 61-92
of the 27th May 1896 and 3rd January 1898 respectively, sanctioning a loan of Rs 7568/- to the Tarikere municipality towards the cost of filling up the trench and levelling the ground of the old fort in that town, I have the honor to state that the work was completed at a total cost of Rs 7216-15-11 as admitted by the Examiner in the Public Works accounts

The land was then divided into convenient building sites and put up to auction after duly publishing the notice of Sale in the Mysore Gazette, and a sum of Rs 6040/- realized therefrom.

3. Out of Rs 7216-15-11 spent on the Work, Rs 816-5-11 will have to be deducted, as per enclosed measurement bill, on account of the actual cost of filling up the portion of the trench now utilized for the Railway line and debited to the Railway department as this proposal has already been approved of by the Chief Engineer of Mysore in his letter no: 5397 of the 29th October/97 (copy enclosed for ready reference).

4. Thus there leaves a loan of Rs 6400-10-11 actually utilized by the Tarikere Municipality for the Work and this full amount, the Board have resolved to repay out of the Sale proceeds of the building sites now realized (viz Rs 6040/-) and (360-10-11) of the closing balance of the Municipality.

5. It is therefore requested that you will be so good as to obtain the Sanction of Government

to the above proposal and to ask the Comp to adjust this sum by book transfer towards the loan by debiting the charge to the Parishes Municipal Funds.

Sir.

With reference to your letter No: 551 dated the 24th ultimo, to the address of the Superintending Engineer, Western Circle regarding agreement for the loan of Rs 7568/- to the Sakleshpur Municipality for filling in the trench and levelling the grounds of the old Fort at that place, I have the honor to inform you that under Government Pro: (PW) no: 3916-36/749-69 dated 18th August 1894, the agreement in such cases has to accompany the Estimate for the Work before it is sanctioned and that it is therefore necessary to have that agreement drawn up at an early date. The conditions on which the loan has been granted by Government

may be specified therein. Of course, if any portion of the reclaimed land eventually becomes Railway property, the proportionate outlay, fairly debitable thereto will be recovered from that department.

I have the honor to be,
Sir,
